

Choose wisely he said...NAMS Workshop goes up in a few hours... Sent Monday, April 23, 2012  
[View as plaintext](#)

Hey there

Many years ago, when I was a mere child of 32 years old, I was on a fast track in the newspaper publishing world. I'd made a name for myself in that business and was a rising star.

Then, I was presented with two choices:

- 1) Step out of my comfort zone and stretch my limits with bigger challenges and more responsibility
- 2) Step into my comfort zone which was ensuring me more money...in the short term, but no challenge except new scenery

I chose number 2.

And I regretted it from the moment I made that decision. It was the beginning of a 6 year disenchantment with the news business that led me to get out completely.

Often, I wondered, what if I had chosen option 1?

Life would certainly be different - maybe better, maybe worse. Who knows?

But I made the easy choice, not the right choice.

You have less than 18 hours to make the right choice.

If you're interested in starting or improving your online business, the right choice is to sign up now for the Niche Affiliate Marketing System workshop in Atlanta on Aug. 3-5.

<http://nams.ws/nams>

Tuesday, one minute after midnight, the price goes up \$100 for MyNAMS members and non-members alike.

I kicked myself for many years about that 25-year old choice. Don't make a big mistake right now and put off the online business building workshop that has changed many

lives!

<http://nams.ws/nams>

The NAMS8 price is going up to \$197 for members - all members - at 12:01 a.m. Tuesday. That's one minute after midnight.

Non-members pay will pay a little more. Frankly, if you're not a member, I HIGHLY recommend Option 2. It's by far the least expensive and highest value!

If you're not already registered, take a look at the page below, talk to your friends who've attended, and sign up while you can get in at the best price. We've already got about 100 folks signed up.

<http://nams.ws/nams>

I've also included a link to the NAMS7 schedule and curriculum synopsis so that you can get a sense of what the workshop is like. NAMS8 will be completely different, but the structure and the intensity is the same!

<http://nams.ws/n7synopsis>

Remember, price more than doubles on Tuesday at 12:01 a.m.
